Additional functions

- Plug-and-play - very easy installation: unpack, plug in, and call (handset registered ex works)
- Calendar with month overview and scheduler for
 - 30 appointments with text and separate ringtone
 - Birthday reminder for each address book entry
- Alarm clock feature with adjustable melody and snooze function
- Baby monitor (baby alarm) with intercom function
 - to an external device, such as a mobile telephone
 - or to an internal device, such as an additional handset
- Direct call function (baby call): Selection of a telephone number by pressing any key
- Editable handset name
- Support of network performance features, such as call forwarding, call waiting, etc.
- Date and time settings saved in the event of a power failure

Features when operating multiple handsets

- Toll-free internal calling
- 2 calls possible at the same time (1 external and 1 internal between 2 handsets)
- Telephone book transfer between handsets
- Internal call to all or selected handsets
- Call forwarding to a different handset, with dialling/call back function
- 3-way conference (1 external and 2 internal parties)
- Switchover to an external call (settable)
- Simultaneous ringing of all handsets in case of external calls

ECO DECT

- Automatic reduction of the transmitting power depending on the distance between the handset and the base station
- Radiation-free in standby mode, even if several handsets are used, as long as all registered handsets support ECO DECT
- Low energy consumption due to energy-saving plug-in power adapters
